Feedback from our learners

“I’ve always loved cooking, but the apprenticeship route has allowed me to combine passion with a purpose. In my current role with the NHS I look after 32 members of staff, organise staff rotas and have also spent time working with patients in the spinal injury wards. In the recent Adult Inpatient Survey from the Care Quality Commission, our food received the highest possible rating, which is a fantastic achievement.”

Daniel Hogget, completed Level 2 and Level 3 Hospitality with County Training, he is now a Catering Manager in the NHS.

“It’s like a massive family here, I couldn’t have found a better place to work. I have gained skills, experience and confidence on the apprenticeship and taken on tasks the company weren’t expecting me to take on so early.”

Ellie-Mae Bladen has completed her Level 2 Business Administration and is now going on to her Level 3 with County Training, whilst working at Express Fit Auto.

Join us at one of our learning centres below from Monday 12th-16th November.
